

Open Enrollment 2011-2012

The Trust web site www.cstrust.org displays special open enrollment screens of the *Benefits Highlights*.

Important information regarding KHP HMO:

KHP HMO (Keystone Health Plan)

The KHP HMO plan is closed to new enrollments effective January 1, 2012; and it will no longer be available as a plan option effective January 1, 2013. Current participants may continue in this plan for the 2012 calendar year and should plan accordingly for this future change in health plan options.

The plan benefits are unchanged for January 1, 2012. The KHP HMO provides health and prescription drug coverage that is managed by your participating primary care physician for medical services. The KHP HMO also provides for adult routine and preventive care and well child care. You must use in-network physicians and facilities for covered services.

For additional information and enrollment forms, contact Mrs. Lesko.
