

Free School Meal Program

Why should you support your school's free school meal program?

The USDA covers the costs of the meals for ALL STUDENTS, regardless of income. You are not taking meals away from someone who you feel might need them more.

Every meal served, including breakfast, lunch, snacks, and take-home meals, helps sustain your district's food service program and keep local staff employed. Aside from our free meal offerings, we still have many à la carte options for your child to purchase.

Free school meals help extend your family food budget and can save time on meal preparation. Schools will continue to send applications for Reduced Meal Program eligibility, and please continue to fill them out. The data collected helps assist with other crucial programs within your school district.

All meals are prepared according to the safest COVID protocols. We continue to ensure the utmost food safety without compromising quality and excellence. Any allergen concerns can be discussed with your school's Food Service Director.

USDA is an equal opportunity provider, employer, and lender.
