Mount Carmel Area Learning Community -

The Mount Carmel Area School District received notice of 1 positive COVID-19 case of a student that attends our Junior-Senior High School. The student was last in our school on Thursday, October 15th. Extensive contact tracing was conducted by administration, the nursing department, and the Pennsylvania Department of Health. The Pennsylvania Department of Health has notified us that no student or staff member would need to quarantine or would be considered a close contact because the student was not in school during their infectious period.

We will continue to provide our learning community with further updates as warranted. I would again like to remind all parents and guardians about the importance of daily morning screenings before sending your son or daughter to school. Please keep your child home if they are sick or exhibiting any COVID-19 symptoms. Our main website has resources that can help families during the daily screening process.

Sincerely,  
Pete Cheddar

Superintendent
