December 2, 2020

In an effort to keep our learning community informed we are providing another health update.

Today we received notice that one of our staff members in our Junior-Senior High School tested positive for COVID-19. The staff member was last in our building on Tuesday, November 24th.

The Department of Health and our nursing staff have been contacted. We do not believe any students or additional staff members would need to quarantine after this latest positive case. We will continue to provide further updates as warranted.

We ask our learning community to continue to practice COVID-19 mitigation efforts related to the wearing of masks, keeping social distance, and practicing frequent hand washing. We also ask that our learning community continues morning screenings and staying home when sick or exhibiting any COVID-19 symptoms.

Sincerely,

Pete Cheddar

Superintendent
