INTRODUCTION

Under the Elementary and Secondary School Emergency Relief II Fund (ESSER II), authorized by the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act, the Pennsylvania Department of Education (PDE) awards grants to School Districts and Charter Schools to address the impact that Novel Coronavirus Disease 2019 (COVID-19) has had, and continues to have, on elementary and secondary schools across the state.

Please note: ESSER II funds **cannot** be used for: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the LEAs, or 2) expenditures related to state or local teacher or faculty unions or associations. ESSER II funds generally will not be used for bonuses, merit pay, or similar expenditures, unless related to disruptions or closures resulting from COVID-19.

***ESSER II funds are not Title I funds and as such, are not subject to Title I rules.**

Please explain how the LEA will determine its most important educational needs as a result of COVID-19. (3000 characters max)

The Mount Carmel Area School District Administrative team meets weekly to discuss impacts of the COVID -19 Pandemic on the learning community. In order to identify educational needs of students and families, the district has established a variety of communication methods to collect input from all stakeholders. Included in the communication are weekly phone calls to families, social media postings, Google Forms family input surveys, faculty meetings, and scheduled school board committee and board meetings. While these methods will continue into the 2021-2022 school year, the MCASD administrative team has recognized additional educational needs as emerging. Analysis of attendance and academic data, has identified a student population at risk of academic failure. Poor attendance, coupled with a lack of completion of school work, has placed this group of students at a significant risk. By analyzing attendance data and student achievement MCASD administration will continue to target this group for intensive interventions.

Please explain the LEA(s) proposed timeline for providing services and assistance to students and staff. (3000 characters max)

The Mount Carmel Area School District is committed to exhausting all interventions in order to promote academic achievement for all students. Intervention services and assistance has been offered to students and staff from the onset of the COVID-19 Pandemic. During the 2020-2021 school year, the administration is working closely with the School Social Worker and School Counselors in order to prioritize students and families with the greatest needs. The district is looking to ensure all basic needs are met during a time where many families in our community are struggling financially. In addition, the district is utilizing existing resources in order to provide intensive academic support for struggling learners. The MCASD is using the second half of the 2020-2021 school year and summer months to provide academic remediation for failing students. The 2021-2022 school year will most certainly bring additional challenges. The uncertainty of the COVID -19 Pandemic and the impact it will have on public education in the upcoming school years, undoubtedly prompts all school districts to implement long range plans. The MCASD anticipates providing extended academic and social services to students and

families through the 2021-2022 school year.

Please explain the extent to which the LEA intends to use ESSER II funds to promote remote learning. (3000 characters max)

It is imperative that people remain employed and the district is able to pay its staff and its vendors on time to assure the seamless operation of the district in providing continuity of education. Without this assurance, the need for and implementation of PPE, environmental improvement measures, remote learning and strategies to address learning loss in our schools become moot. Mount Carmel Area has maintained employment of all faculty and staff throughout the pandemic. Mount Carmel Area School District safely opened its doors this school year, on-time, and in-person, for those students and families who opted to physically send their students to school. Families concerned about the virus took advantage of the additional, virtual options offered by the district. While there have been some limited full virtual days due to COVID-19 cases or severe weather, in-person instruction has been offered for nearly the entire school year. As such, ESSER II funds are not directly being used to promote remote learning.

Please describe how the LEA intends to assess and address student learning gaps resulting from the disruption in educational services. (3000 characters max)

The Mount Carmel Area School District has implemented, and will continue to implement progress monitoring through tools and online platforms, such as iReady, DIBELS, Edulastic, Classroom-Based Assessments and CDT's to assess student growth over time.

Please describe the LEA(s) proposed procedures for evaluating local COVID-19 impacts in relation to education programming and delivery. (3000 characters max)

Areas of emphasis should include:

- Documenting learning loss associated with extended school closure;
- Outlining the development of local continuity of education plans over the course of emergency response efforts; and
- Detailing supports for vulnerable student populations and families.

ESSER II funds will be used primarily to support the continued employment of all LEA staff to assure the continuity of education in a remote learning or in-person learning environment.

Please describe the LEA core set of strategies that will be used to guide local investment of ESSER II funding, associated with short-range (i.e., remainder of the 2020-21 school year) and long-range (2021-22 and 2022-2023 school years) timelines. (3000 characters max)

These strategies may entail the establishment, scale-up, refinement, or evaluation of remote learning, as well as strategies for school-based teaching and learning responsive to conditions related to the pandemic. LEAs will be asked to outline how limited, ESSER II funding may support these initiatives and how these funds might interact with other federal funding, including enhanced Title IV flexibility, to ensure strategic and sustainable use of funds.

ESSER II funds will be used primarily to support the continued employment of all LEA staff to assure the continuity of education in a remote learning or in-person learning environment. Following the 2021-2022 school year, these operating costs will return to general fund expenditures that assures sustainable use of funds.

Please describe specific plans, measures, and longer-term evaluative strategies concerning student learning gaps - as well as opportunity to learn factors - stemming from COVID-19. (3000 characters max)

Mount Carmel Area School District will utilize a three-pronged or tiered approach to address different levels of instructional need and learning loss. Tier I will address all students in that COVID-19 school closures have inevitably resulted in all students missing some aspects of curriculum in various courses. The district will map and rewrite curriculum across grades and courses, paying particular attention to scope and sequence, to adjust for the learning loss moving forward in order to address learning gaps and discrepancies for all students. Tier II will address students at risk of failing two or more major courses based on course-level marking period grades and supplemental assessment data from various progress monitoring tools. At this level, Mount Carmel Area School district intends to offer a summer learning academy three days per week over the summer to reteach core foundational skills of subject matter. Tier III may also address students at risk of failing two or more courses based on course-level marking period grades and supplemental assessment data from various progress monitoring tools but will do so in a one-to-one or small group learning environment. The district plans to offer the summer learning academy, credit recovery options, online and in-person tutoring in both small group settings and one-to-one with the Reading Specialist throughout the summer months to address student skill deficits.

ESSER II FUND ASSURANCES

LEAs that receive more than \$150,000 in CRRSA Act funds will complete quarterly FFATA reports, including the following data: (LEAs receiving less than \$150,000 please select 'NO')

- The total amount of funds received, the amount spent or obligated for each project or activity,
- A detailed list of all projects or activities supported with CRRSA Act funds including:
 - Name
 - Description
 - Estimated number of jobs created or retained (where applicable)
- Detailed information on subcontracts and subgrantees, including FFATA data elements, as prescribed by OMB.

Yes

LEA will, to the greatest extent practicable, continue to compensate its employees and contractors during the period of any disruptions or closures related to COVID-19 in compliance with section 315 of Division M of the CRRSA Act. In addition, each entity that accepts funds will continue to pay employees and contractors to the greatest extent practicable based on the unique financial circumstances of the entity. CRRSA Act funds generally will not be used for bonuses, merit pay, or similar expenditures, unless related to disruptions or closures resulting from COVID-19.

Yes

The LEA will cooperate with any examination of records with respect to such funds by making records available for inspection, production, and examination, and authorized individuals available for interview and examination, upon the request of (i) the Department and/or its Inspector General; or (ii) any other federal agency, commission, or department in the lawful exercise of its jurisdiction and authority.

Records pertaining to the ESSER II Funds, including financial records related to use of grant funds, will be retained separately from those records related to the LEA's use of ESSER Funds.

Yes

LEA maintains inventory records, purchase orders and receipts for equipment (over \$5,000) purchased, Computing Devices, Special Purpose Equipment (\$300 - \$4,999), and will conduct a physical inventory every two years. Please note: Inventory of equipment purchased with federal funds must be broken out by funding source.

Yes

The LEA will comply with all reporting requirements, including those in Section 15011 of the CARES Act

Yes

HOME INTERNET ACCESS

LEAs may be required to report on the types of services provided if funds were spent on home internet access (purchasing educational technology which includes connectivity) for students. Types of services may include any or all of the following:

- Mobile hotspots with paid data plans
- Internet connected devices with paid data plans
- District pays for the cost of home Internet subscription for student
- District provides home Internet access through a district-managed wireless network

I understand that I may have to report on the requirements listed above.

Yes

LEARNING DEVICES

LEAs may be required to report on the number of students that received devices per grade span (elementary vs. secondary) and the proportion based on total enrollment if funds were spent on learning devices for students.

I understand that I may have to report on the requirements listed above.

Yes

STUDENT PARTICIPATION AND ENGAGEMENT

LEAs may be required to report on all methods used to document student participation and engagement during remote learning if funds were used to develop, initiate and/or implement remote learning. Methods may include any or all of the following:

- Submission of assignments
- Participation in assessments
- Tracking student logins to online learning platforms
- Participation in individual coaching or check ins
- Participation in email, text or other electronic communication
- Participation in help lines or hot lines for help with remote learning
- Participation in synchronous online classes
- Other

I understand that I may have to report on the requirements listed above.

Yes

FULL TIME EQUIVALENT POSTIONS (FTE)

LEAs may be required to report the number of full-time equivalent (FTE) positions employed in the LEA. *(The number of FTE positions includes all staff regardless of whether the position is funded by Federal, State, local, or other funds—and equals the sum of the number of full-time positions plus the full-time equivalent of the number of part-time positions.)*

I understand that I may have to report on the requirements listed above.
