

This is a message for students and parents of the Mount Carmel Area School District.

September 13, 2023

Our school district annually holds an informational program for our students on the dangers of making threats both online and in school, social media awareness, and hazing. Next week the Pennsylvania Office of the Attorney General will be meeting with all students in grades 3 to 12 to discuss these dangers.

As always, safety of students and staff is our top priority. Please speak to your child about the importance of not making threats both in school and on social media. Any verbal or written threat will be handled swiftly by our Administration and School Resource Officer.

We expect our students to be leaders and not bully, antagonize, or threaten others. We all play an important role in keeping our buildings safe.

Students also must understand that they will be held responsible for belongings in their possession as they enter our buildings daily. Again, please speak to your children about the importance of not having anything dangerous that could be considered a weapon or a weapon look-a-like.

Please do not hesitate to call me in the district office at 570 339 1500 if you have any questions.

Mr. Cheddar
