Mount Carmel Area
Elementary is i-Ready!

March 16, 2020

Dear MCAE Parents/Guardians:

Mount Carmel Area Elementary School has been utilizing a robust online learning platform called [i-Ready](#) for Reading and Math across grades K-6 for the past four years. i-Ready provides engaging digital instruction based on individual Diagnostic Assessment results that meet students where they are and allows them to work independently on their own online instructional plan.

All students are able to log into their i-Ready accounts from home via <https://login.i-ready.com/> using any computer. Students have routinely been using this tool in school for some time and are very familiar with it. These lessons are specifically tailored to your child's needs. Utilizing this learning tool at home can:

- help bridge the gap in many of the students who are currently working below grade level
- assist those students in reviewing who are at grade level
- enrich those students who are working at or above grade level

We strongly encourage you to have your child spend a minimum of one hour per day on Reading and one hour per day on Mathematics at home independently!

Teachers and administrators do have the ability to track student progress and time spent using the tools from home. If your child has difficulty logging in, or you need technical assistance with i-Ready, please send an email to iready@mca.k12.pa.us and someone should get back to you within 24-48 hours. Parents may also access the [i-Ready Parent Center](#) at <http://i-readycentral.com/familycenter/> for additional resources and printable instructional activities.

Finally, you can access additional information via the [MCA Elementary Facebook Page](#) at <https://www.facebook.com/mtcarmelareaelementary/>. These uncommon times will require uncommon flexibility; we will get through this together! Please stay safe and hang in there. #TornadoPRIDE

Warmest Regards,
