December 3, 2020

The Mount Carmel Area School District received notification this afternoon of one positive COVID-19 case related to an extracurricular activity school employee. The nursing department and the Pennsylvania Department of Health have been contacted. Six students and two other extracurricular activity staff members are considered to be close contacts and must quarantine as a result. We will provide further updates as warranted.

We ask our learning community to continue to practice important COVID-19 mitigation efforts related to the consistent wearing of masks, keeping social distance, and practicing frequent hand washing. We also ask that our learning community continues morning screenings and staying home when sick or exhibiting any COVID-19 symptoms. Also, please remember to communicate with our school district if your son or daughter have been a direct contact of any positive cases.

Sincerely,

Pete Cheddar

Superintendent
