Subject: Senior Year Co-Op Opportunity – Information for the Class of 2026

Good afternoon, Senior Class of 2026 and Parents/Guardians,

We'd like to share an exciting opportunity available to your child during their senior year at Mount Carmel Area High School. Since 2021, our district has offered a **Cooperative Education Program (Co-Op)** that allows eligible seniors to earn academic credits **during the school day** while gaining hands-on work experience in a career field they are considering for the future.

While participation in the Co-Op Program is optional, it's a valuable way for students to explore career interests, build professional skills, and make informed decisions about their future after high school.

The **summer months are the perfect time** to begin exploring potential career paths, researching local businesses, and having meaningful conversations with your family and our school staff. Please note: **students are responsible for securing their own Co-Op placement**, but our staff is here to guide and support you through the process.

During their Co-Op experience, students are encouraged to reflect on key questions such as:

- What education or training is required to enter this field?
- What is the typical salary range?
- Do I enjoy the day-to-day responsibilities of this job?
- What are the usual work hours?
- Are there employment opportunities in our local area?

For a detailed overview of the program, including eligibility requirements and expectations, please review the Co-Op Program presentation here:

MCA Co-Op Overview

If you have any questions or would like support in planning a potential placement, please email the Guidance Department or Mrs. Sheehe, who will be happy to help.

We look forward to helping you make the most of this valuable senior-year opportunity!
